

Easy to Learn, Easy to Turn, Tools you can trust

NEW! Due to Customer demand – *The Mini Series* is now available from Easy Wood Tools!

Ci2m Mini Rougher - \$89.00 USD

This tool uses the same proven square cutters as the Original Ci2. Look for curved edge cutters (R2) for these tools, coming in February 2010, that will really complete this tools capability.
(3/8" x 4" Tool bar, 16" overall length - Premium Maple Natural Finish)

Ci3m Mini Finisher - \$89.00

We have chosen to reveal our latest cutter, the Ci3 (carbide insert #3) on the Mini Finisher. This razor sharp little carbide cutter is 11mm round and is sure to make quick work of pen turning and smaller bowls. You will also find it useful on your bigger projects too, like coves when spindle turning and finish cuts on any bowl size.
(3/8" x 4" Tool bar, 16" overall length - Premium Maple Natural Finish)

There is no doubt that these tools will become a serious asset to turners of all skill levels.

As always, I guarantee your 100% Satisfaction.
~Craig Jackson, President of Easy Wood Tools
